

uses and abuses," and a new Ammonite was reported from the Upper Hillmorton Pits, by E. Cleminshaw.

The thanks of the Society were given to G. E. Fryer, Esq., for a valuable present of books.

A paper was then read "On the circulation of the blood," by Dr. Helm, one of the honorary members of the Society. The paper was in itself most clear, and was further explained by a series of papers lent by Professor Humphrey, of Cambridge.

The number present on the 7th was 42, and on the 21st 51.

J. L. Boyson, F. C. Bayard, L. Moberly, and O. Leggatt have been elected Associates.

The last Meeting of the Society for this Term will be held on April the 4th, when a paper by E. Cleminshaw "On a Walk in the Eifel Mountains," is expected.

BIGSIDE RUN.

On Thursday, March 19th, the Lawford Run took place. The ground, especially the fields, was very slippery owing to recent rains, but the run was, nevertheless, done much quicker by the leading hounds than for some years past. The hares, Eddis (Hutchinson's) and Gordon (Burrows's) were gained on considerably, but this was partly owing to their not knowing the way accurately. The hounds were 15 in number, of whom 13 came in. The following are the times:—

HARES: Min. Sec.

1. Eddis (Hutchinson's) 42 0
2. Gordon (Burrows's) 44 7

HOUNDS:

1. Scott (Wilson's) 37 50
2. Welsh (Hutchinson's) 38 5
3. Gilpin (Arnold's) 38 6 $\frac{1}{2}$
4. Lane (Town) 39 25
5. Bulpett (Wilson's) 39 35
6. Chippendall (Hutchinson's) ... 40 2
7. Russell (Burrows's) 40 55
8. Lloyd (Wilson's) 41 5
9. O'Connell (Burrows's) 42 17
- 10 { Garrett (Moberly's) 42 46
- { Stock (Moberly's) 42 46
- 11 { Francis (Wilson's) 43 15
- { Dudgeon (Wilson's) 43 15

We have much pleasure in announcing a victory as the result of the second match of the Corps this year. On Monday, March 9th, the usual monthly match took place between the School and Town Corps for the Challenge Cup, and resulted in a victory for the School by 34 points. The present holder of the Cup is Captain Tobin, who made the very excellent score of 35; the highest score that has ever been made on the range. Sergeant Humphry took the second place in the shooting with a score of 30, which was equalled by that of Corporal Wright of the Town Corps. Subjoined is the score:—

The only drawback in the match was the continual gusts of a cold wind from left to right.

The Tercentenary Challenge Cup was competed for on Thursday, March 12th, and was won by Sergeant Humphry with a score of 36 at 200 and 500 yards. Corpl. Botfield 2nd; Private Cobham 3rd. The shooting was but moderate, which may to a great extent be attributed to the weather, which was very bad.

A simultaneous match with Rossall Corps is arranged to take place during the week ending April 4th.

A match against Warwick is arranged for next Monday, March 30th.
